JUSTE BLANC !

IGP CÉVENNES – WHITE

The story:

Mas des Justes is located at the gates of the village of Saint-Just-et-Vacquières in the Gard, on the route to the famous Cévennes mountain range, a rich natural heritage site that includes the Cévennes National Park, classified by UNESCO as a World Biosphere Reserve.

Le Mas des Juste is a vineyard built on a solidarity-based economic model, supported by several hundred members motivated by the expression of a terroir, a territory where fauna, flora and vines come together in concert with the vibrant agricultural, cultural and social riches of the Cévenol Basin. Le Mas des Justes covers 15 ha including 13,5 ha of vines grown in organic farming, and as of 2021, in biodynamics.
